**INSTRUCTIONS FOR USE**

***PART I***

## **GENERAL INSTRUCTION FOR USE**

**Numbered sections below correspond to numbered photos**

### **1. General overview of equipment:**

Accessories shown in the illustrations may vary from model to model.

### **4. Adjustment of tension ties on the strap's support plate:**

You can adjust the tension ties for your individual comfort. Form a loop with your finger, then move the tie through the clip forwards or backwards to the required length. Remove your finger. Tension the tie.

### **5. Adjusting the vacuum cleaner to sit comfortably on your back:**

Pick up the vacuum cleaner. Put your arms through the shoulder straps. Snap the waistbelt clip shut. Adjust the length. Snap the chest clip shut. Adjust the straps vertically by pulling down on both ties as shown in the picture.
